Namibia: Africa's adventure playground. The land of unrelenting sun, where the ground appears to beg the heavens for rain and the vast landscapes stretch uninterrupted for hundreds of kilometres without signs of Man's intervention. Living deserts where one gazes in wonder and amazement at the displays of changing natural colours, and at the animals and plants that somehow survive in this seemingly harsh environment.

This tour covers all of the popular highlights but also includes many "off the beaten track" destinations seldom visited by mainstream tourism.

Flexibility, a willingness to participate, an awareness of the elements, and a desire for unlimited adventure, are essential in order to best absorb all this tour has to offer.

**DAY 1: WINDHOEK**

**SAFARI COURT HOTEL ☉||**

Our adventure in Namibia begins in the Capital city of Windhoek at 14h00 when everyone meets at our hotel for a short tour briefing. We then set off on an afternoon of driving through Windhoek and viewing the attractions of the city, including the local museum and church before setting off to enjoy the warm hospitality and an own expense dinner at the infamous restaurant "Joe's Beerhouse", or a similar restaurant. We spend the night in comfort at our hotel and prepare for the next days adventure.

**DAY 3: K GALAGADI TRANSFRONTIER PARK**

**K GALAGADI REST CAMP ☉|| B L D**

After a sumptuous breakfast, we embark on our game drive through the Kgalagadi Transfrontier Park, a National Park spanning both South Africa and Botswana. Well known for its predator population, including cheetah and the massive Black Maned Lion, the Kgalagadi Park offers unique game viewing opportunities and spectacular birdlife. We will spend most of the day traversing the South African side of the park in search of animals. Our guide will take time to give us more information on the animals we encounter in the park and will explain how they survive in the desert conditions. Tonight we stay in the comfortable rest camp accommodation amongst the Camel Thorn trees.

**DAY 2: WINDHOEK – K GALAGADI  
K GALAGADI REST CAMP ☉|| B L D**

This morning, we leave the city behind us and begin our winding journey south into the open plains of the vast Kalahari Desert. Our journey today takes us through remote farming towns seldom visited by travellers, where possible we will stop to engage with the local inhabitants. Our journey will take the majority of the day but there will be plenty of scenic beauty to keep us occupied. We will arrive at our overnight accommodation in the Kgalagadi in the late afternoon.

**DAY 4: K GALAGADI – FISH RIVER CANYON**

**AI AIS REST CAMP ☉|| B L D**

Rising early, we witness the sunrise over the red dunes before breakfast. Today we travel one of the most scenic Kalahari roads, crossing numerous high dunes which offer spectacular viewpoints. We make our way to Keetmanshoop where we have a short comfort break and then continue onto the Fish River Canyon, regarded as the second largest in the world. We spend some time taking in the views of the canyon by visiting

a couple of viewpoints before moving onto our stop for the night, Ai – Ais, the Hot Springs located in the depths of the canyon.

**DAY 5: FISH RIVER CANYON – AUS  
KLEIN AUS VISTA ●|| B L D**

This morning we will enjoy a short walk at the base of the canyon before traveling on remote roads to the southernmost point of our journey - the mighty Orange River. Forming the border with South Africa, the Orange River creates a narrow band of green vegetation that winds its way through the towering rugged mountains of this seemingly burnt landscape. We will enjoy a lunch stop and possibly even a swim in the river. This afternoon we travel north along the diamond mining area of the Sperrgebiet and make our way to the charming little town of Aus where we spend the next two nights in accommodation.

We enjoy an entertaining tour and a walk around the town and through the old buildings that brings the colourful history to life. Then it's on to Luderitz, a

small harbour town on one of the most inhospitable coasts imaginable. We will visit the cross planted here by Dias in 1487 and will spend some time strolling around town, enjoying the unique architecture. This afternoon we travel back into the desert and will stop on

route to spend time with a colony of wild desert horses. Lunch today will be own expense.

Our next two nights will be spent at the Greenfire Desert Lodge, a remote lodge nestled against a rock outcrop within a conservancy that forms part of the vast Namib Rand Nature Reserve. The reserve is home to a variety of desert adapted ecology and wildlife and we will enjoy extensive walks as well as day and night game drives during our time here.

All animals here exist in completely natural surroundings and are free to move unrestricted over the full extent of the 22,000 hectare reserve. Our guide will help us understand the unique desert fauna and flora. Today

we start off with an informational and educational walk in this beautiful environment, looking for tracks and signs of animal's behaviour and survival strategies allowing them to exist in these harsh conditions. There is time to relax during the heat of the day after which we do a desert drive in search of some desert adapted animals by covering a bit more distance with the open safari vehicle.

**DAY 9: SOSSUSVLEI DUNES  
AGAMA RIVER CAMP ●|| B L D**

Setting off early, we continue across the endless desert plains to the Sesriem Canyon and the awesome Sossusvlei dunes – reputedly the highest in the world.
