Namibia: Africa's adventure playground. The land of unrelenting sun, where the ground appears to beg the heavens for rain and the vast landscapes stretch uninterrupted for hundreds of kilometres, without signs of human intervention. Living deserts, where one gazes in wonder and amazement at the displays of changing natural colours, and at the animals and plants that somehow survive in this seemingly harsh environment.

This tour covers all of the popular highlights, but also includes many "off the beaten track" destinations, seldom visited by mainstream tourism.

Flexibility, a willingness to participate, an awareness of the elements, and a desire for unlimited adventure, are essential in order to best absorb all this tour has to offer.

### DAY 1: WINDHOEK

Our adventure in Namibia begins in the Capital city of Windhoek at 14h00 when everyone meets at our hotel for a short tour briefing. We then set off on an afternoon of driving through Windhoek and viewing the attractions of the city, including the local museum and church before setting off to enjoy the warm hospitality and an own expense dinner at the infamous restaurant "Joe's Beer-

We will spend most of the day traversing the South African side of the park in search of animals. Then it's on to Luderitz, a small harbour town on one of the most inhospitable coasts imaginable. We will visit the cross planted here by Bartolomeu Dias in 1487,

and will spend some time strolling around town, enjoying the unique German colonial architecture. This afternoon we travel back into the desert, and stop en-route to see the herd of Namib Desert Horses. Lunch today will be own expense.

All animals here exist in completely natural surroundings and are free to move unrestricted over the full extent of the reserve. Our guide will help us understand the unique desert ecosystem and its fauna and flora, so today we start off with an informational and educational walk in this beautiful environment, looking for tracks of animals, and signs of their behaviour and the survival strategies that allow them to exist in these harsh conditions. During the heat of the day guests have time to relax at the lodge or to explore the surrounding area on foot, should they wish to. In the afternoon we depart on a desert drive.
